HIGHLIGHTS

15 bar pump

High pressure ensures that the entire aroma of the coffee beans is always fully extracted

2 "perfect crema" coffee filter

2 "perfect crema" coffee filter for ground coffee and pods

Chromed brass filter holder

Professional chromed brass filter holder and ring, as used in Gaggia's commercial machines, ensures a consistent temperature throughout the coffee making and dispensing process.

Cup holder

With this practical feature you can store your cups and glasses right on the machine — always within reach and conveniently stored without taking up space.

Ground coffee

Gaggia's manual machines come with a coffee filter for 1 and 2 cups of ground coffee, and a special filter for ESE (easy serve espresso) pods.

Optional water filter

Optional water filter can prevent tainting of the coffee and maintains a purer flavour, as well as keeping your machine cleaner.

Panarello steamer attachment

Panarello steamer attachment rotates for easy access to froth milk in seconds. It also delivers hot water for tea and other hot drinks.

Professional filter holder

Professional heavy filter holder

Rotating Pannarello

Rotating Pannarello
