The more you dim, the warmer the light

Light dims to a warm glow, similar to incandescent

Unlike standard LEDs, these Philips bulbs offer a dimmable warm glow effect that lets you go from functional lighting, to inviting, to cozy. You can customize your room for every moment and always have the right light.

# Highlights

## Dims to a warm glow

As the light is dimmed, the color temperature is reduced, creating a warm glow.

## Long Life

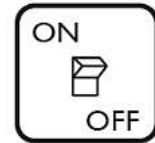

Reduce the hassle of replacing bulbs so often

## Perfect for general room light

Modern lighting with Philips LED standard bulbs for use in table lamps, floor lamps and pendant fixtures. Ideal for use in kitchens, kitchen island lighting, living rooms and dining rooms.

## Instant on

INSTANT ON

Just by flipping the switch, your room is at full brightness. No slow starting or waiting.

## Saves up to 80% energy

Save up to 80% energy compared to your standard bulb. It pays for itself and saves you money year after year. So reduce your energy bill and start saving Now.
