Highlights

Fry with little or no oil

The Airfryer uses hot air to cook your favorite foods with little or no added oil, so you can fry with up to 90% less fat*. Enjoy great-tasting, crispy results like deep fried, with the least amount of fat.

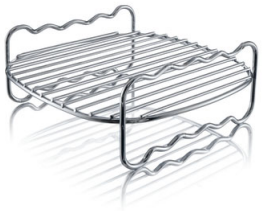
Twin TurboStar technology

By combining a powerful heater and motor with our new Twin TurboStar technology, the hot air in the Airfryer swirls like a powerful tornado – throughout the entire cooking basket. Designed to extract more fat from your food and capture it all in the fat reducer for easy disposal. Philips Airfryer with Twin TurboStar technology also saves you and your home from the smell of fried oil compared to a regular fryer.

Crispy taste & 90% less fat

Proven performance. Make fries that are just as crispy as a traditional deep fryer with up to 90% less fat in them. Roast a whole chicken for crispy skin and tender meat while removing fat.

Double layer accessory



Maximize your Airfryer's cooking space with the double layer accessory. Bake, grill or fry tasty burgers, chicken wings, fish and more in an easy, quick, healthier way.

Fry, bake, grill or roast

The Airfryer XXL handles much more than just frying. Grill, bake and even roast your favorite foods for quick, delicious family meals. Our Philips Airfryer app is full of tips, tutorials and easy-to-follow recipes.

Our most powerful Airfryer

This is our most powerful air fryer for the fastest cooking times, with instant heat-up so you're always ready to get started.

Inspiring recipes

From quick healthy snacks to full family meals, our free recipe book has more than 30 delicious ideas and easy-to-follow instructions from professional chefs. Our Philips Airfryer app is full of more tips, tutorials and easy-to-follow recipes.

XXL family size

The Airfryer is designed with your family in mind. Make delicious meals for the whole family every day. XXL capacity easily handles a whole chicken or up to 1.4 kg of fries for a whole world of possibilities.

Keep Warm for flexible serving

The Keep Warm function lets you serve the food when you are ready for it. You can keep your dish warm up to 30 minutes.
