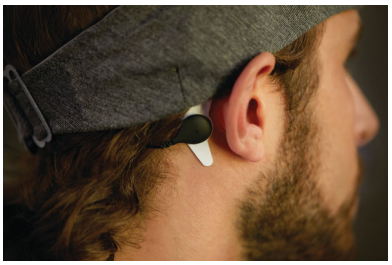
Specifications

Package contents

• Include: 30 SleepSmart Sensors

Highlights

30 sensors included



SmartSleep uses dual sensors for highly accurate tracking that is critical to the technology. An adhesive, disposable sensor is used due to the unique placement behind the ear. Each self-adhesive SmartSleep Sensor lasts between 1 and 3 nights of use, depending on factors such as skin conditions and time between usages, when properly applied and stored. Experience the sleep sensing technology of SmartSleep. Headband comes with 30 sensors, replenishments sold separately.

Clinically proven

SmartSleep is clinically proven to help users improve their sleep quality, increase energy, boost alertness, and reduce daytime sleepiness. 70% of users reported feeling less tired durign the day.*

Money back guarantee

The Philips Store offers a 30 day hassle-free return policy. If you are not fully satisfied with Philips SmartSleep within 30 days, you may contact 1-866-309-3263 for a full refund. https://philips.com/a-w/terms-of-use.html
