Highlights

A simple LED for everyday use

The Philips everyday LED is the perfect bulb for your basic lighting needs. It provides the beautiful light and dependable performance you expect from LED at an affordable price.

No UV or IR

The light has no infra-red component, so no heat is radiated. Also, there is no ultra-violet component in this light. These two characteristics mean that this light will not cause fabric and other items to fade.

Bright white light

This bulb has a color temperature of 3000K providing you with a bright, warm light, perfect for creating an inviting ambience to host friends or wind down with a book.

Gentle LEDs, easy on the eyes

It's easy to see how harsh lighting can strain the eyes. Too bright, and you get the glare. Too soft and you experience flicker. Now you can gently light up your world with LEDs designed to go easy on the eyes, and create the perfect ambience for your home.

No visible flicker

When your light flickers in quick succession it could be hard on the eyes, cause headaches, and even set off an attack for those with photosensitive epilepsy. It's both unpleasant and unnecessary. LEDs can flicker because of their rapid response to the driver current. However, because Philips LEDs are designed so that variations in your driver current's output are minimized, they eliminate the factors that cause flicker. So, you won't see it, not even a hint.

Specifications

Bulb characteristics

- Cap/fitting: GU10
- Dimmable
- Indoor/Outdoor: Indoor
- Voltage: 120 V
- Wattage: 6
- Wattage equivalent: 50
- Lamp shape: Directional reflector
- Technology: LED

Bulb dimensions

- Height: 53 mm
- Width: 50 mm
- Number of switch cycles: 50000
- Weight: 0,06 kg

Durability

- Lifetime of lamp: 15000 hour(s)
- Average life (at 2.7 hrs/day): 15 year(s)
- Lumen maintenance factor: 0.7

Light characteristics

- Beam angle: 35 degree
- Color: Bright White
- Color rendering index (CRI): 80
- Color temperature: 3000 K
- Warm-up time to 60% light: Instant full light
- Starting time: <0.5 s
- Color consistency: 6 SDCM

Other characteristics

- Mercury content: 0 mg
- Lamp current: 50 mA
- Power factor: 0.85
- Efficacy: 66 K

Rated values

- Rated lifetime: 15000 hour(s)
- Rated beam angle: 35 degree
- Rated luminous flux: 400 lumen
- Rated power: 6 W
