S9321/89

Perfection in every pass

Cuts up to 20% more hair* in a single pass

Our most advanced shaving system, the Series 9000 cuts hairs up to 30% closer to skin with its V-Track precision blades*. The shaving heads, with contour detect technology, move in 8 directions to cut up to 20% more hair in a single pass*.

Designed for perfection
- The shaving system that gets 30% closer
- Shaving heads move in 8 directions for a smoother result

A comfortable shave
- Choose a comfortable dry or refreshing wet shave
- Personalize your shave
- Lifts each hair up for a closer cut

Get the most of your shaver
- Convenient case for on-the-go
- SmartClean maintenance at the touch of a button
- Click-on beard styler with 5 length settings

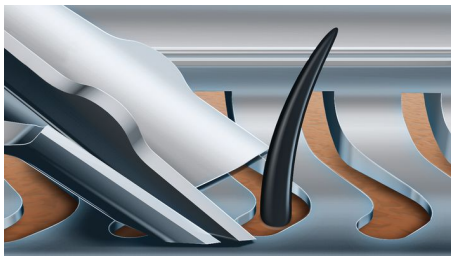
Easy to use
- 50 minutes cordless shaving from a one-hour charge
- Built to last with a full 2 year warranty

Highlights

Contour Detect Technology

The Philips shaver is an electric shaver that delivers our closest shave ever*. Its Contour Detect technology gently follows your facial contours to capture 20% more hairs* in a single pass.

V-Track Precision Blades



Not only do the V-Track Precision Blades give you a super-smooth shave that's 30% closer*, they're also self-sharpening for continued results day after day.

Personal Comfort Settings

Choose between normal or sensitive to create a shaving experience that best suits your skin. If you're in a hurry, select the fast setting to save some time.

Shave Wet or Dry

The wet and dry shaver can be used to your preference. At the sink or in the shower, get a convenient dry shave or pair with your favourite foam or gel for a refreshing wet shave.

SmartClean System

The SmartClean System cleans, lubricates, dries, and charges your Philips shaver at the touch of a button. Keeping it performing at its best, day in and day out.

Super Lift & Cut Action

Twin blades of this precision shaver give you a supremely close shave. The first blade lifts the hair, while the second comfortably cuts below skin level, which gives you exceptionally smooth results.

SmartClick beard styler

Change your look with the SmartClick Beard Styler attachment. Choose from 5 length settings to create anything from a perfect stubble look to a short, neatly trimmed beard. Rounded tips and combs are designed to prevent skin irritation.

50 minutes of cordless shaving

Shave longer and more powerfully. With the long-lasting lithium-ion battery, 1-hour is enough time to fully charge your shaver, while the 5-minute power boost is enough for a single shave. It also operates cordlessly for safe use in the shower.

Travel case

The sleek design of the shaver storage case takes up less space and the built-in ventilation chamber dries your electric shaver even when you're on the go.
