Highlights

Model-specific connector rings

When upgrading LED headlighting, you may need adapter rings compatible with your car model to securely install the LED headlamps. Philips LED adapter rings are easy to install and are compatible with a wide range of car models. Find the user manual on the Philips support page***.

Compatible with most cars

Philips H7-LED headlamps are compatible with a wide range of car models. To find out if you need additional adapter rings to upgrade

to LED, check our Philips compatibility list**. Be sure to visit our compatibility list regularly as we continue to extend it with new car models compatible with our Philips rings.

Long-lasting performance

Philips LED connector rings are made of durable metal and can withstand physical and thermal stress. They have been tested in the toughest conditions so you can enjoy their long-lasting performance.
