Drive with style

Ultimate brightness and unique stylish blue light

BlueVision signaling and interior bulbs are designed for drivers seeking to personalize their vehicles. With BlueVision signaling and interior lamps, drivers enjoy a blue xenon effect unmatched in a fully homologated road-legal lamp.

The best blue Xenon effect

- Xenon blue effect

Original Equipment manufacturer

- Philips is the choice of major car manufacturers
- Wide range of 12V lamps to meet all applications
- Respecting high quality standards of the ECE homologation

Highlights

Car manufacturer choice

For 100 years, Philips has been on the forefront of the automotive lighting industry, introducing technological innovations that have become standard on modern automobiles. Today, one in two cars in Europe and one in three worldwide is equipped with Philips lighting

Designed for multiple usage

Which 12V lamp for which application? Philips Automotive offering includes all car specific functions : license plate lights, rear position/parking light, glove box lights, interior signaling, front parking lights.

ECE homologation

Philips automotive products and services are considered best-in-class in the Original Equipment Manufacturer market and the aftermarket. Manufactured from high quality products and tested to the highest specifications, our products are designed to maximize the safety and comfort of our customers' driving experience. Our entire product range is thoroughly tested, controlled and certified (ISO 9001, ISO 14001 and QSO 9000) to the highest ECE requirements. Put simply, this is quality you can trust.

Xenon blue effect

Philips interior and signaling lamps are the best choice for driver seeking a stylish effect. The cool white light provides greater visibility in all car applications (License plate lights, rear position/parking light, glove box lights, interior signaling, front parking lights).
