

# PHILIPS

Headlight bulb

X-tremeVision Plus

Type of lamp: H1

Pack of: 2

12 V,55 W

12258XVPS2

## Take performance to the X-treme

### Extra light, extra brightness

Philips X-tremeVision plus car bulbs are among the brightest you can buy. They outshine most other car lamps with up to 130% more brightness and a superior beam length. So you see further, react faster and drive safer.

#### High amount of light, high performance

- See further and react faster with up to 130% more brightness
- One of the brightest bulbs: ultimate light performance
- The safest, road-legal headlights
- Significantly whiter light to improve comfort and safety

#### Increased brightness

- Great contrast for a comfortable drive
- Exceptional beam quality and performance

#### Best-in-class lifetime

- Performance means more light and longer lifetime
- A lifetime of safety so you can see and be seen

# Highlights

## The safest legal car lights

Philips X-tremeVision Plus is by far the safest, easiest and most efficient way to upgrade your car headlights within legal parameters. They are fully ECE certified.

## A lifetime of safety

Every potential failure of a spare part is a risk for you and your vehicle. This is especially true for headlights. Every broken headlight lamp reduces visibility and safety for you and the oncoming traffic. Philips X-tremeVision plus is optimized for a long and reliable lifetime. So you can see and be seen for longer than with any other high performance lamp.

## Exceptional beam quality

With a combination of more light and increased color temperature, Philips X-tremeVision plus qualifies as one of the best performance beams in the halogen segment.

## Extra light, extra lifetime

Philips X-tremeVision plus headlights are made for outstanding performance, producing up to 130% brighter light, without compromising on the lifetime. With up to 450 hours\*, Philips X-tremeVision's lifetime is significantly higher than competitor solutions in the more light category. (\*H4 and H7 tested at 13.2V standard voltage)

## Great contrast drives comfort

The increased color temperature in Philips X-tremeVision plus headlights (available in H1, H4 and H7) allows your eyes to focus better and perceive contrasts in the far distance. This makes driving after dark a far more comfortable and safe experience.

## One of the brightest bulbs

With its optimized high-precision filament geometry, up to 13 bar high pressure gas filling, high precision coating and high quality UV-Quartz glass, Philips X-tremeVision plus headlights set a new milestone in automotive lighting. They are engineered for the ultimate performance and uncompromising visibility.

## See further, react faster

Perfect illumination is especially important in the distance – usually between 75-100 meters in front of your vehicle. Philips X-tremeVision plus boosts your visibility with up to 130% more brightness. This helps you recognize obstacles and any potential dangers earlier than with most other halogen headlight lamps.

## Significantly whiter light

The bright white light (3.500 K) is significantly whiter than standard headlamps. The Philips patented gradient coating technology<sup>TM</sup> produces a more powerful light. So you can enjoy one of the brightest lighting performances and a highly comfortable night driving experience.

# Specifications

## Packaging Data

EAN1: 8727900373769

EAN3: 8727900373776

Packaging type: S2

## Product description

Technology: Halogen

Application: Additional high beam, High beam, Low beam

Range: X-tremeVision Plus

Type: H1

Homologation ECE

Designation: H1 X-tremeVision Plus

Base: P14.5s

Marking ECE: E1 21P

## Electrical characteristics

Wattage: 55 W

Voltage: 12 V

## Marketing specifications

Expected benefits: More light

Product highlight: Up to 130% brighter light

## Light characteristics

Color temperature: 3500 K

Lumens: 1550 ±15%

## Ordering information

Order entry: 12258XVPS2

Ordering code: 37376930

## Outerpack information

Gross weight per piece: 2130 g

Height: 12.6 cm

Length: 27.6 cm

Width: 22.8 cm

## Packed product information

Gross weight per piece: 106.5 g

Height: 10.9 cm

Length: 10.9 cm

Net weight per piece: 6 g

Width: 5.3 cm

Pack Quantity / MOQ: 20

## Lifetime

Life time: 350 h
