

# PHILIPS

Headlight bulb

CityVision Moto

Type of lamp: H4

Pack of: 1

12 V,60/55 W

12342CTVBW

## Feel safe, ride safe

Up to 40% more vision

For better safety and visibility in city traffic, Philips has designed CityVision Moto lamps produce up to 40% more vision to see further. CityVision Moto bulbs also projects a distinctive, attention-grabbing orange effect in the headlight.

### State-of-the-art technology

- Adhering to high quality standards of the ECE homologation
- Philips moto lamps are made of high-quality quartz glass
- Philips is the choice of major motorcycle manufacturers.

### Be seen in traffic

- Distinctive orange effect in the headlight
- Designed for city riders
- 40% more vision on the road

### Vibration resistance

- Vibration resistance up to 10G

# Highlights

## Distinctive orange effect

Philips CityVision Moto headlights have been specifically developed for city-riders. Thanks to their distinctive orange effect, Philips motorcycle bulbs grab driver attention and guarantee an earlier recognition of the rider.

## Designed for city use

Philips CityVision Moto headlights are specifically designed to increase rider's security in city environment. The attention-grabbing orange effect as well as the light output increase by 40% allow a safer riding experience in traffic and actively participate in accident reduction.

## Vibration resistant

Philips CityVision Moto lamps are designed with state-of-the-art technology to resist vibrations up to 10G and last longer. Those motorcycle bulbs are mounted with an extremely resistant double coil filament to withstand a wide range of vibrations including physical shocks.

## ECE homologation

Philips Automotive is dedicated to producing best-in-class products and services in the Original Equipment Manufacturer market as well as in after-sales market. Our products are manufactured from high-quality materials and tested to the highest specifications to maximize safety and driving comfort of our customers. Our entire production is meticulously tested, controlled and certified (ISO 9001, ISO 14001 and QSO 9000) to the highest ECE requirements.

## Greater light-beam projection

Offering 40% more vision on the road, the Philips CityVision Moto headlights actively participate in increasing rider's security. Thanks to better visibility on the road Philips motorcycle lamps allow for better obstacle recognition and accident prevention.

## High quality quartz glass

UV-Quartz glass is stronger than hard glass and highly resistant to temperature extremes and vibrations, which eliminates the risk of explosion. Philips quartz-glass lamps (filament 2 650° C and glass 800° C) are able to withstand severe thermal shock. With the capability of increased pressure inside the lamp, UV-quartz glass is able to produce a more powerful light.

## Manufacturers' choice

For 100 years, Philips has been on the forefront of the automotive lighting industry, introducing technological innovations that have become standards on modern automobiles. Today, one in two cars in Europe and one in three worldwide, is equipped with Philips lighting.

# Specifications

## Packaging Data

Packaging type: Blister  
EAN1: 8727900398960  
EAN3: 8727900398977

## Light characteristics

Color temperature: Up to 3200 K

## Marketing specifications

Product highlight: 40% extra light  
Expected benefits: See and be seen

## Product description

Designation: H4 CityVision Moto  
Range: CityVision Moto  
Technology: Halogen

Base: P43t-38

Application: High beam, Low beam  
Type: H4

## Electrical characteristics

Voltage: 12 V  
Wattage: 60/55 W

## Ordering information

Ordering code: 39896030  
Order entry: 12342CTVBW

## Packed product information

Gross weight per piece: 46.4 g  
Height: 12.900 cm  
Length: 9.500 cm

Net weight per piece: 22.2 g  
Pack Quantity / MOQ: 10  
Width: 4.860 cm

## Outerpack information

Gross weight per piece: 464 g  
Height: 13 cm  
Length: 25.5 cm  
Width: 19 cm
