

# PHILIPS

## Halogen

### X-tremeVision Plus

Type of lamp: H1

Pack of: 1

12 V,55 W

12342XPB1

## Feel safe, drive safe

See further, react faster Upto 130% brighter light

Philips X-tremeVision Plus car bulbs are the brightest legal light you can buy. They outshine all other car lamps with up to 130% more light and a superior beam of up to 130 meters. So you see further, react faster and drive safer.

### High amount of light, high performance

- See further and react faster with up to 130% more brightness
- One of the brightest bulbs: ultimate light performance
- The safest, road-legal headlights

### Increased brightness

- Significantly whiter light to improve comfort and safety
- Great contrast for a comfortable drive
- Exceptional beam quality and performance

### Best-in-class lifetime

- Performance means more light and longer lifetime
- A lifetime of safety so you can see and be seen

# Highlights

## The safest legal car lights

Philips X-tremeVision Plus is by far the safest, easiest and most efficient way to upgrade your car headlights within legal parameters. They are fully ECE certified.

## A lifetime of safety

Every potential failure of a spare part is a risk for you and your vehicle. This is especially true for headlights. Every broken headlight lamp reduces visibility and safety for you and the oncoming traffic. Philips X-tremeVision plus is optimized for a long and reliable lifetime. So you can see and be seen for longer than with any other high performance lamp.

## Exceptional beam quality

With a combination of more light and increased color temperature, Philips X-tremeVision plus qualifies as one of the best performance beams in the halogen segment.

## Extra light, extra lifetime

Philips X-tremeVision plus headlights are made for outstanding performance, producing up to 130% brighter light, without compromising on the lifetime. With up to 450 hours\*, Philips X-tremeVision's lifetime is

significantly higher than competitor solutions in the more light category. (\*H4 and H7 tested at 13.2V standard voltage)

## Great contrast drives comfort

The increased color temperature in Philips X-tremeVision plus headlights (available in H1, H4 and H7) allows your eyes to focus better and perceive contrasts in the far distance. This makes driving after dark a far more comfortable and safe experience.

## One of the brightest bulbs

With its optimized high-precision filament geometry, up to 13 bar high pressure gas filling, high precision coating and high quality UV-Quartz glass, Philips X-tremeVision plus headlights set a new milestone in automotive lighting. They are engineered for the ultimate performance and uncompromising visibility.

## See further, react faster

Perfect illumination is especially important in the distance – usually between 75-100 meters in front of your vehicle. Philips X-tremeVision plus boosts your visibility with up to 130% more brightness. This helps you recognize obstacles and any potential dangers earlier than with most other halogen headlight lamps.

## Significantly whiter light

The bright white light (3.500 K) is significantly whiter than standard headlamps. The Philips patented gradient coating technology<sup>TM</sup> produces a more powerful light. So you can enjoy one of the brightest lighting performances and a highly comfortable night driving experience.

# Specifications

## Packaging Data

**EAN1:** 8711500221247  
**EAN3:** 8711500221254  
**Packaging type:** B1I

## Product description

**Technology:** Halogen  
**Application:** Additional high beam, High beam, Low beam  
**Range:** X-tremeVision Plus  
**Type:** H4  
**Homologation ECE**  
**Designation:** H4 X-tremeVision Plus  
**Base:** P43t-38  
**Marking ECE:** E1 2C3

## Electrical characteristics

**Wattage:** 60/55 W  
**Voltage:** 12 V

## Marketing specifications

**Expected benefits:** More light  
**Product highlight:** Up to 130% brighter light

## Light characteristics

**Color temperature:** 3500 K  
**Lumens:** 1650 ± 15%

## Ordering information

**Order entry:** 12342XVPB1  
**Ordering code:** 37382030

## Outerpack information

**Gross weight per piece:** 450 g  
**Height:** 8.2 cm  
**Length:** 29.5 cm  
**Width:** 18 cm

## Packed product information

**Gross weight per piece:** 45 g  
**Height:** 12.9 cm  
**Length:** 9.5 cm  
**Net weight per piece:** 22 g  
**Width:** 5 cm  
**Pack Quantity / MOQ:** 10

## Lifetime

**Life time:** B3/Tc = 300/600
