- Box dimensions (W x H x D): 711 x 577 x 606 mm
- Set dimensions (W x H x D): 600 x 454 x 487 mm
- Set weight: 23 kg

# Highlights

## Real Flat picture tube

The flatter tube provides a wider viewing angle while minimizing reflections for the best picture possible.

## Crystal Clear

Combining picture enhancements like Contrast plus and color improvement, Crystal Clear improves picture depth.

## Scavem

Scan velocity modulation varies the speed of the electron beam for a more finely rendered picture with improved sharpness and contrast.

## Virtual Dolby Surround

Virtual Dolby Surround is a processing technology for enhancing surround sound effects. It will create the sensation of Dolby Pro Logic without the necessity of additional rear speakers. You become totally immersed in your television experience.

## Picture CD Playback (jpeg)

A Picture CD contains digital still pictures in JPEG format. Most Philips DVD players and recorders support playback of Picture CDs – both home created discs as well as ones from photo shops.

## FM Radio

An FM radio capable of storing 40 preset stations in built in. On-screen station naming makes navigation simple, and a handy Clock Screensaver is also included for use while listening.

## 10 page Smart Text

The teletext is a common system transmitted by most broadcasters. The 10 page smart text feature gives you fast access to information when changing pages.

## Plays JPEG and MP3 files

Plays JPEG and MP3 files from Disc/HDD
