

22ME601B

22" class LED LCD TV

With its ultra sharp widescreen LED HD picture, rich color, HD media connectivity, Dolby Digital sound, integrated digital tuner and multiple AV input options, the 22ME601B is a superb TV and a great PC monitor.

- **LED Backlight High Definition LCD display**
- **Dynamic Contrast gives enriched color performance**
- **SRS TruSurround XT™**
- **Dolby Digital for movies or concerts in full surround sound**
- **HDMI for digital High Definition connection**
- **fun-Link: easy control of connected devices via HDMI CEC**
- **VGA input for use as a PC monitor**
- **Energy Star for energy efficiency and low power consumption**

22ME601B/F7 22" class LED LCD TV

Product specifications

Picture/Display

- Aspect ratio: Widescreen
- Diagonal screen size: 22 inch / 55.8 cm
- Visible screen diagonal (inch): 21.6 inch
- Panel resolution: 1366 x 768p
- Picture enhancement: Progressive scan, 3D Combfilter, Digital Noise Reduction, Dynamic contrast enhancement, 3/2 - 2/2 motion pull down, Clear Pix Engine Plus

Sound

- Sound System: SRS TruSurround XT, Mono, Stereo, SAP, Dolby Digital (AC-3)
- Output power (RMS): 2 x 1.5W

Loudspeakers

- Built-in speakers: 2

Convenience

- Ease of Installation: Autostore, PLL Digital Tuning
- User convenience: Sleep Timer
- Ease of Use: On Screen Display, Smart Picture, Smart Sound, Closed Captioning Full Text, Side Control, Auto Volume Leveller (AVL)
- Screen Format Adjustments: 4:3, 16:9, Zoom, Full, Movie Expand, Normal, Wide
- Child Protection: Child Lock+Parental Control

Tuner/Reception/Transmission

- Aerial Input: 75 ohm F-type
- Tuner bands: UHF, VHF
- TV system: ATSC, NTSC
- Video Playback: NTSC

Connectivity

- AV 1: CVBS in, Shared audio L/R in
- AV 2: YPbPr, Shared audio L/R in
- HDMI 1: HDMI, Shared audio L/R in
- PC: VGA-in D-Sub 15HD, Shared audio L/R in
- USB: USB(photo)
- AV output: Headphone out
- Audio Output - Digital: Coaxial (cinch)
- HDMI-CEC: One touch play, Power status, System standby

Power

- Mains power: 120V/60Hz
- Standby power consumption: <1W
- Ambient temperature: 5°C to 40°C (41°F to 104°F)

Dimensions

- Set dimensions in inch (W x H x D): 21.4 x 13.7 x 2.1 inch
- Set dimensions with stand in inch (W x H x D): 21.4 x 14.6 x 5.6 inch
- Product weight (lb): 7.13 lb
- Product weight (+stand) (lb): 7.35 lb
- Box dimensions in inch (W x H x D): 24.6 x 16.6 x 4.1 inch
- Weight incl. Packaging (lb): 9.6 lb
- VESA wall mount compatible: 100 x 100 mm

Accessories

- Included accessories: User Manual, Quick start guide, Registration card, Remote Control, Batteries for remote control, Table top stand

LED display

The LED Display renders the highest available contrast with stunning brilliance, colors and low power consumption. The revolutionary new LED lights are positioned at both sides in the backlight for the LCD display. They generate brilliant light in bright image scenes, and are dimmed to lowest levels in dark scenes. The result is a stunning picture with extreme contrast, sharpness, vibrant color and with less energy compared to a normal LCD TV of the same screen size.

SRS TruSurround XT™

TruSurround XT™ creates a truly immersive surround sound experience with rich bass and clear dialog from only two speakers.

HDMI input

HDMI makes an uncompressed digital RGB connection from the source to the screen. By eliminating conversion to an analog signal, it delivers an unblemished image. The non-degraded signal reduces flicker and leads to a clearer picture. HDMI intelligently communicates the highest output resolution with the source device. The HDMI input is fully backward compatible with DVI sources but includes digital audio. HDMI uses HDCP copy protection.

Dolby Digital

Dolby Digital, the world's leading digital multi-channel audio standard, makes use of the way the human ear naturally processes sound. With Dolby Digital you experience superb quality surround sound audio with realistic spatial cues.

VGA input

VGA input provides a connector to accommodate input of an analog signal for use as a PC monitor.

fun-Link

fun-Link uses the HDMI CEC industry standard, to share control between devices connected to the TV. With fun-Link only one remote control is needed to operate the main functions on your TV and connected devices like a Blu-ray player or home theater system.

Energy Star

Energy Star-labeled home electrical products are designed to use less energy - saving you money while reducing environmental pollution. In fact, Energy Star-compliant products consume less than 1 watt of power while in standby mode. This is achieved by having low standby power consumption through innovatively designed standby circuitry and stringent selection of components made with high efficiency materials.
