Product highlights

Crystal Clear III™

A unique package of picture innovations including Combfilter, Dynamic Contrast, resulting in more contrast, natural colors and a high level of detail.

Active Control™

Active Control delivers the best picture setting, any time, any source. The incoming signal is automatically analyzed and key picture settings are adjusted; sharpness, noise reduction, color and contrast.

Unique new flat speakers

Enjoy improved balanced sound and stereo performance like never before—by patented technology featuring hi-fi like magnet system and unique speaker cones.

Virtual Dolby® Surround

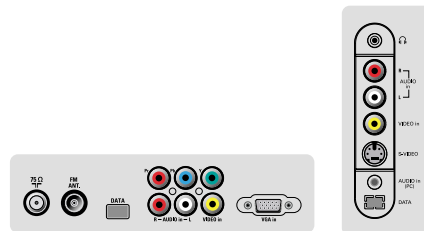

Enjoy enhanced cinema surround sound effect without the need for rear speakers.

FM Radio

Listen to all your favorite radio channels (40 presets) and view details of the channel on your screen.

VGA input

It has a VGA input which receives the signal from your PC. You have the convenience of using it both as a TV and PC Monitor and multi tasking.
