Professional ergonomic display boosts productivity

Large eco-friendly Philips Professional 241P3 LED display with Smart Ergo Base, Stereo Audio and USB port boosts your productivity

**Sustainable Eco-friendly solution**
- EPEAT Gold ensures lowest impact on environment
- Energy Star for energy efficiency and low power consumption

**Ergonomic design**
- 130mm height adjustment for ideal sitting position
- 90 degree screen rotation and smart cable management
- Tilt and swivel adjustment for an ideal viewing angle

**Outstanding display performance**
- LED technology ensures natural colors
- SmartImage: Optimized user-friendly display experience

**Great convenience**
- DisplayPort transmits digital signals in one cable
- USB port for convenient peripheral connections
- Built-in speakers for audio without desktop clutter
Highlights

**LED technology**
White LEDs are solid state devices which light up to full, consistent brightness faster saving startup time. LEDs are free from mercury content which allows for eco-friendly recycling and disposal process. LEDs allow for better dimming control of LCD backlight, resulting in super high contrast ratio. It also gives superior color reproduction thanks to consistent brightness across the screen.

**EPEAT Gold**
Philips EPEAT GOLD certified monitors ensure protection for human health and environment, and are highly energy efficient ensuring low emissions of climate changing greenhouse gases. EPEAT program helps purchasers evaluate, compare and select monitors based on 51 environmental criteria supported by US EPA. GOLD certification ensures that at least 30% of plastic used is Post Consumer Resin, which ensures reduction in use of toxic and hazardous materials. EPEAT Gold is valid only where Philips registers the product. Please visit www.epeat.net for registration status in your country.

**DisplayPort**
DisplayPort is a direct drive digital link with two-way connection from PC to Monitor without any conversion. With higher capabilities than DVI standard, it is fully capable to support up to 15 meter cables and 10.8 Gbps/sec data transfer. With this high performance and zero latency, you get the fastest imaging and refresh rates - making DisplayPort the best choice for not only general office or home use, but also for the demanding 3-D gaming and movies, video editing and more. It also keeps interoperability in mind via use of various adapters.

**ScreenRotate**
ScreenRotate makes it possible to use a monitor in either the landscape and portrait mode; to change orientation for a better view of a selected document or image, the monitor is rotated to the desired orientation.

**Built-in speakers**
A pair of stereo speakers built into a display device. It can be visible front firing, or invisible down firing, top firing, rear firing, etc depending on model and design.

**130mm height adjustment**
The Super Ergo Base is a ‘people friendly’ Philips monitor base that not only tilts and swivels, but is also height adjustable and pivots to 90 degree, so that each user can adjust the monitor to their personal preference for maximum viewing comfort and efficiency.

**USB 2.0 port**
USB port allows user to conveniently connect their plug and play multimedia devices such as USB memory devices, camera, portable HDD, Web camera, PDA, Printer and many other devices which has USB connection available. The conveniently located USB 2.0 port on the monitor allows USB 2.0 signals to pass thru to the computer. Note that many devices like cameras and HDD may need to be powered On independently, as they have higher power requirements than the monitor USB port can provide.

**Energy Star 5.0**
Energy Star is a US EPA sponsored energy efficiency program also adopted by many other countries. Energy Star certification ensures that you are buying a product which meets the latest power efficiency standards which operates with maximum power efficiency at all operational levels. New Philips monitors are certified for Energy Star 5.0 specifications and meet or exceed the standard. For example, in sleep mode Energy Star 5.0 requires less than 1 watt power consumption, whereas Philips monitors consume less than 0.5 watts. Further details can be obtained from www.energystar.gov
Specifications

Picture/Display
- LCD panel type: TFT-LCD
- Backlight type: W-LED system
- Panel Size: 24 inch / 61 cm
- Aspect ratio: 16:9
- Effective viewing area: 531.4 (H) x 298.9 (V)
- Optimum resolution: 1920x1080 @ 60Hz
- Response time (typical): 5 ms
- Brightness: 250 cd/m²
- Contrast ratio (typical): 1000:1
- SmartContrast: 20,000,000:1
- Pixel pitch: 0.276 x 0.276 mm
- Viewing angle: 170° (H) / 160° (V), @ C/R > 10
- Picture enhancement: SmartImage
- Display colors: 16.7 M
- Scanning Frequency: 30 - 83 kHz (H) / 56 - 75 Hz (V)
- sRGB

Connectivity
- Signal Input: VGA (Analog), DVI-D (digital, HDCP), DisplayPort
- USB: USB 2.0 x 1
- Sync Input: Separate Sync, Sync on Green
- Audio (In/Out): Earphone out (3.5 mm jack)x 1, PC audio-in

Convenience
- Built-in Speakers: 1.5Wx2
- User convenience: SmartImage, Volume, Power On/Off, SmartPower, Menu
- OSD Languages: English, French, German, Spanish, Italian, Russian, Simplified Chinese, Portuguese
- Other convenience: VESA mount (100x100mm), Kensington lock
- Plug & Play Compatibility: DDC/CI, Mac OS X, sRGB, Windows 7/Vista/XP

Stand
- Height adjustment: 130 mm
- Pivot: 90 degree, clockwise, auto pivot

Power
- ECO mode: 14 W (typ.)
- On mode: 18.9 W (EnergyStar 5.0 test method)
- Standby mode: 0.5 W
- Off mode: 0.3 W
- Power LED indicator: Operation - White, Standby mode- White (blinking)
- Power supply: Built-in, 100-240VAC, 50-60Hz

Dimensions
- Product with stand (mm): 570 x 507 x 220 mm
- Product without stand (mm): 570 x 353 x 62 mm
- Packaging in mm (WxHxD): 670 x 413 x 268 mm

Weight
- Product with stand (kg): 6.7 kg
- Product without stand (kg): 4.5 kg
- Product with packaging (kg): 8.6 kg

Operating conditions
- Temperature range (operation): 0°C to 40°C
- Temperature range (storage): -20°C to 60°C
- Relative humidity: 20%-80%
- MTBF: 30,000 hour(s)

Sustainability
- Environmental and energy: EnergyStar 5.0, EPEAT Gold*, RoHS
- Recyclable packaging material: 100%

Compliance and standards
- Regulatory Approvals: BSMI, CE Mark, FCC Class B, GOST, SEMKO, TCO 5.1, TUV Ergo, TUV/GS, UL/cUL

Cabinet
- Color: Silver
- Finish: Texture
