Professional LCD TV

26" Pro

LCD DVB-T/C MPEG4*

26HFL3381D

Advanced design at outstanding value

Philips Digital Hospitality LCD TV

With this modern and energy efficient Hospitality TV, you will enjoy the benefits of HD television. Your guests will enjoy a warm welcome and great viewing experience with the attractive channel list.

Advanced hotel features and future proof

- Welcome message on screen display
- Switch On Channel Programming
- MPEG4 HDTV reception via DVB-T and DVB-C tuner with CI+*

Differentiating guest experience

- Volume limitation
- One combined channel list for Analogue and Digital channels
- Attractive channel list for easy navigation
- Full HD LCD display 1920 x 1080p
- Easy-to-use Hospitality Remote Control

Best total cost of ownership

- USB cloning of all settings for quick installation
- Installation menu locking

Sustainable and safe

- Eco-friendly design and flame-retardant housing

PHILIPS

sense and simplicity

Highlights

USB Cloning

Provides the ability to easily copy all programming and channel programming settings from one TV into other TV sets in less than a minute. The feature ensures uniformity between TV sets and significantly reduces installation time and costs.

Welcome message

A welcome greeting is displayed each time the TV set is switched on.

Volume limitation

This feature predefines the volume range within which the TV set is allowed to operate, preventing excessive volume adjustments and disturbance of neighbouring guests.

Installation menu locking

Prevents unauthorised access to installation and configuration settings, to ensure maximum guest convenience and avoid unnecessary reprogramming costs.

One combined channel list

One integrated channel list for digital and analogue channels. This allows the guest to flick seamlessly between Analogue and Digital channels.

Full HD LCD 1920 x 1080p (PB)

This display has a resolution that is referred to as Full HD. With state-of-the-art LCD screen technology it has the full high-definition widescreen resolution of 1920 x 1080p. This is the highest resolution that HD broadcast can transmit. It allows the best possible picture quality from any format of HD input signal. It produces brilliant flicker-free progressive scan pictures with optimum brightness and superb colours. This vibrant and sharp image will provide guests with an enhanced viewing experience.

Hospitality Remote Control

This TV comes with a stylish remote control that is specially designed for hospitality usage. For an easy-to-use experience for the guest, only the most essential buttons and functions are offered. In addition, low battery check and anti-theft battery provisions are features that can contribute to efficient hotel operations.

Eco-friendly design

Sustainability is integral to the way Philips does business. Philips TVs are designed and produced according to our EcoDesign principles aimed at minimising overall environmental impact, through lower power consumption, removal of hazardous

substances, lower weight, more efficient packaging and better recyclability. Philips TVs also have a special housing of flame-retardant material. Independent tests carried out by emergency fire services have shown that whereas TVs can sometimes intensify fires caused by external sources, Philips TVs will not contribute to a fire.

Switch On Channel Programming

Perfect for in-house advertising or information channels as it allows a predefined channel to be shown when the TV is turned on.

Attractive channel list

The attractive channel list includes clear and intuitive buttons with clear guiding graphics for easily finding your favourite channels.

MPEG4 DVB-T/c CI+

HDTV allows you to watch TV with the best possible picture and sound quality, without an additional set-top box. Thanks to the built-in tuner that supports DVB-Terrestrial and DVB-Cable signals for both MPEG-2 and MPEG-4 formats, you receive high definition TV programmes in exceptional quality. Moreover, with Common Interface Plus (CI+) you benefit from premium high definition content direct to your TV.

Specifications

Picture/Display

- Diagonal screen size: 26 inch / 66 cm
- Brightness: 400 cd/m²
- Aspect ratio: Widescreen
- Response time (typical): 5 ms
- Display screen type: LCD Full HD W-UXGA Act. matrix
- Panel resolution: 1920 x 1080p
- Picture enhancement: 3/2 - 2/2 motion pull down, 3D Combfilter, Active Control + Light sensor, Colour Enhancement, Colour Transient Improvement, Digital Noise Reduction, Luminance Transient Improver, Dynamic contrast enhancement, Pixel Plus HD
- Screen enhancement: Anti-Reflection coated screen
- Viewing angle: 170° (H)/160° (V)

Supported Display Resolution

Video formats

Resolution	Refresh rate
