- TV system: NTSC
- Tuner Display: PLL

- Aerial Input: 75 ohm F-type Antenna
- Number of Preset Channels: 181

Connectivity

- AV 1: AV In, CVI, YPbPr(1Fh)
- AV 2: S-Video
- AV 3: Monitor Out
- Front / Side connections: Headphone Out

Power

- Mains power: AC 90-140V, 60Hz
- Adaptor type: 13', 3-prong

Dimensions

- Product dimension (WxDxH) inch: 29.3" x 23.4" x 20.2"
- Product weight (lb): 77lbs
- Carton dimensions (WxDxH) inch: 31.8"x26.4"x24.3"
- Weight incl. Packaging (lb): 90.4 lbs

Loudspeakers

- Built-in speakers: 2

Accessories

- Optional accessories: Mounting brackets/ stands, Set up Remote RC2573GR, Clone box CLON99BK (wired), Wireless SmartLoader 22AV1120

Highlights

Wireless SmartLoader

Provides the ability to copy easy and wireless all programming settings from one TV set into other TV sets in less than a minute. The feature ensures uniformity between TV sets and significantly reduces installation time and costs.

Total Program Control

Locks in commercial customized settings and features with a master TV set-up, significantly reducing installation time. Ensures uniformity across displays and prevents guests from altering pre-set formats.

Digital Comb Filter

A digital comb filter separates chrominance (color) from luminance (brightness) information in the video signal, and independently processes them to improve picture resolution while also minimizing distortion.

Incredible Surround™

Incredible Surround is an audio technology from Philips that dramatically magnifies the sound field to immerse you in the audio. Using state-of-the-art electronic phase shifting, Incredible Surround mixes sounds from left and right in such a way that it expands the virtual distance between the two speakers. This wider spread greatly enhances the stereo effect and creates a more natural sound dimension. Incredible Surround allows you to experience total surround with greater depth and width of sound, without the use of additional speakers.
