PHILIPS

Highlights

Saves up to 80% energy

The big advantage of fluorescent lighting is its energy efficiency. A fluorescent lamp consumes just one fifth of the energy of a conventional bulb. That means installing Philips fluorescent lighting in your home to replace standard bulbs will reduce your lighting electricity bill by around 80%!

Ultra-long bulb life

Philips bulb included with an ultra-long bulb life, up to 6000 hours.

Robust and reliable

Built to last. Every piece in the Philips Ecomoods lighting collection uses high-quality materials and

components. Now with Philips Ecomoods, you can buy a highly qualitative lighting fixture that lasts and lasts.

Diffused warm white light

This light uses the latest energy-saver lamp technology by Philips to provide a flood of warm white natural light. Its diffused light will illuminate your room with warm white light, allowing you to combine functionality and respect for the environment. Diffused light is perfect for general illumination.

Adjustable spot head

Direct the light where you want it most by simply adjusting, rotating or tilting the spot head of the lamp.

Stylish white

Simple, soft and always stylish, white is a timeless, delightful colour bringing purity to any interior.
