

WeCall Bluetooth Conference Speaker A ECS7000

Make conference calls anywhere with the portable Philips WeCall. It comes with four microphones and advanced echo cancellation for smooth conversations, while the LED indicators and Bluetooth® connectivity offer you the utmost convenience and superior sound quality. Up to 8 hours battery life while being used on a call, and up to 200 hours on standby. The USB cable included allows for very easy and convenient charging.

Our eco passport

Philips wants to make the world healthier and more sustainable. To make this a reality, we have to keep thinking differently; pushing the boundaries of what is currently believed possible. We continuously innovate and deliver products and technologies that are positive for people and the environment. At Philips we call this Green Innovation.

We know this is important to you too. So we have developed an eco passport which explains the environmental performance of our products in the six Philips Green Focal Areas, developed through our eco design process since 1994, enabling you to make conscious, informed decisions. An eco passport will explain the Green Focal Areas considered and applied in the specific product.

Energy

- Work with built in Lithium battery
- 8 hours battery life
- > 200 hours Standby

Packaging
