- Weight: 1.3 kg
- Packaging dimensions (W x H x D):
185 x 207 x 171 mm
- Weight incl. Packaging: 1.59 kg

Highlights

Digital tuning with presets

Simply tune into the station that you want to preset, press and hold the preset button to memorize the frequency. With preset radio stations that can be stored, you can quickly access your favorite radio station without having to manually tune the frequencies each time.

Wake up to CD, Radio or buzzer

Wake up to CD, Radio tune or a buzzer

Dual alarm time

The Philips audio system comes with two alarm times. Set one alarm time to wake you up and the other to wake up your partner.

Repeat alarm

To counter oversleeping, the Philips Clock radio has a snooze feature. Should the alarm ring and you wish to continue sleeping a bit longer, simply press the Repeat Alarm button once and go back to sleep. Nine minutes later the alarm will ring again. You can continue to press the Repeat Alarm button every nine minutes until you turn off the alarm altogether.

Sleep Timer

Sleep timer lets you decide how long you want to listen to music or a radio station of your choice before falling asleep. Simply set a time limit (up to 1 hour) and choose a CD or radio station to listen to while you drift off to sleep. The set will continue to play for the selected duration and then automatically switch off to a power-efficient, silent stand-by mode. Sleep Timer lets you fall asleep to your favorite CD or radio DJ without counting sheep or worrying about wasting power.
