### Alarm time display

### Super big LCD for easy reading

### Gentle wake

When you wake up with the buzzer, radio or CD alarm, the volume will increase gradually which ensures you will have a gentle and certain wake. The minimum and maximum alarm volume can be set to your requirements.

### Quartz controlled Clock

Quartz operated clock which ensures the time stays correct.

### Easy alarm/ time reset

### 24 hour alarm reset

Automatically resets the alarm for the same time on the next day, so you don't have to keep manually resetting the alarm.

### Repeat alarm

Switches off the alarm for 9 minutes.

### Wake up to radio or buzzer

Gives you the choice of waking up to your favourite radio station or alarm buzzer.

### Sleptimer

### Battery back-up

A 9-volt battery (not included) maintains correct time and alarm time settings in the event of power failure. Should this occur, the display will be disabled, but the alarm remains active.

### LCD with brightness control

Enables you to control the brightness of the display for personal preference.
