

Philips
Clock Radio

Mirror finish display

FM, Analogue tuning
Dual alarm
Built-in Audio-in cable

AJ3231

Start your day, your way!

Wake up with radio or buzzer

An elegant mirror display and thoughtful dim-light mode make this the ideal bedside companion. For pure music enjoyment, it also features built-in FM/MW radio for wake-up calls and a handy cable for accessing your portable music system.

Start the day your way

- Wake up to your favorite radio tune or a buzzer
- Dual alarm to wake you and your partner at different times
- Repeat alarm for additional snooze

Everything you need

- Sleep timer for easy falling asleep to your favorite music
- MP3 Link for portable music playback
- AM/ FM tuner for radio enjoyment

Easy to use

- Adjustable display brightness for comfort viewing
- Battery back-up ensures memory of time during power failure

PHILIPS

Clock Radio

Mirror finish display FM, Analogue tuning, Dual alarm, Built-in Audio-in cable

Highlights

Wake up to radio or a buzzer

Wake up to sounds from your favorite radio station or a buzzer. Simply set the alarm on your Philips Clock radio to wake you with the radio station you last listened to or choose to wake up with a buzzer sound. When the wake up time is reached, your Philips Clock radio will automatically turn on that radio station or trigger the buzzer to sound.

Dual alarm

The Philips audio system comes with two alarm times. Set one alarm time to wake you up and the other time to wake up your partner.

Repeat alarm

To counter oversleeping, the Philips Clock radio has a snooze feature. Should the alarm ring and you wish to continue sleeping a bit longer, simply press the Repeat Alarm button once and go back to sleep. Nine minutes later the alarm will ring again. You can continue to press the Repeat Alarm button every nine minutes until you turn off the alarm altogether.

Sleep Timer

Sleep timer lets you decide how long you want to listen to music or a radio station of your choice before falling asleep. Simply set a time limit (up to 2 hours) and choose a CD or radio station to listen to while you drift off to sleep. The set will continue to play for the selected duration and then automatically switch off to a power-efficient, silent stand-by mode. Sleep Timer lets you fall asleep to your favorite CD or radio DJ without counting sheep or worrying about wasting power.

AJ3231/37

Adjustable display brightness

Adjustable display brightness allows you to customize the display to your needs.

Battery back-up

Battery back-up ensures memory of time during power failure

MP3 Link

The MP3 link connectivity allows direct playback of MP3 content from portable media players. Besides the benefit of enjoying your favorite music in the superior sound quality delivered by the audio system, the MP3 link is also extremely convenient as all you have to do is to plug your portable MP3 player to the audio system.

AM/ FM tuner
