# Highlights

## AM/ FM tuner

AM/ FM tuner for radio enjoyment

## Rooster Wake-Up Alarm

An alarm setting with a refreshing difference, Rooster Wake-Up Alarm is a witty wake-up alarm option. You can also select a radio alarm or a traditional buzzer alarm. Simply press the Alarm Set button to set a wake-up time and select the alarm style. Once the Rooster Wake-Up Alarm is chosen, a rooster symbol will appear on the alarm display. Demo mode allows you to try out the sound of the alarm. Rooster Wake-Up Alarm brightens up your mornings and brings a touch of fun to your daily routine by waking you up with a rousing rooster call.

## Wake up to radio or a buzzer

Wake up to sounds from your favorite radio station or a buzzer. Simply set the alarm on your Philips Clock radio to wake you with the radio station you last listened to or choose to wake up with a buzzer sound. When the wake up time is reached, your Philips Clock radio will automatically turn on that radio station or trigger the buzzer to sound.

## Alarm Time Display

Alarm Time Display always shows both the current time and the time that your alarm is set to go off. The constant display eliminates the need to press a button in order to check whether the alarm has been set and at what time it will go off. Alarm Time Display constantly reassures you that your alarm is set correctly and that it will wake you up at the intended time.

## Dual alarm time

The Philips audio system comes with two alarm times. Set one alarm time to wake you up and the other to wake up your partner.

## backlit LCD display

Backlit LCD display

## Battery-low indication

To know in time when the batteries need to be recharged or replaced.

## Battery powered

Battery powered for traveling
