- Material Polystyrene
- Weight 0.8 kg
- Dimensions (mm) 217 L x 77 W x 108 H
- Packaging dimensions (mm) 265 L x 110 W x 140 H
- Quantity/mastercarton 6

Dual alarm

Two alarms that can be set independently, with the choice of waking up to your favourite music from the radio station or from the buzzer.

Brightness control

Because a disturbingly bright glow at night can sometimes disrupt your sleep, Philips Brightness Control technology lets you customise the clock radio's LED display, increasing or decreasing the light level to suit you.

Wake up to radio or buzzer

Gives you the choice of waking up to your favourite radio station or alarm buzzer.

Vertical design

24 hour alarm reset

Automatically resets the alarm for the same time on the next day, so you don't have to keep manually resetting the alarm.

Sleep timer

Sleep timer can be programmed to allow music to play for any period up to 60 minutes. Once the selected time period has expired, the machine switches to stand-by mode.

AM/FM radio

Battery back-up

Repeat alarm

Easy alarm/ time set
