Large LCD for easy reading

CD player (play, pause, stop, search)

Wake up to CD player, radio or buzzer

Weekendsleeper

Wide angle stereo

Bass reflex speaker system

Gentle wake

Self-powered back-up

The clock has a self-powered back-up of three minutes, so if you change the batteries, the clock will hold the current, the time and the alarm settings.

24 hour alarm reset

Automatically resets the alarm for the same time on the next day, so you don't have to keep manually resetting the alarm.

LCD with brightness control

Enables you to control the brightness of the display for personal preference.

AM/FM radio

Dual alarm

Two alarms that can be set independently with the choice of waking up to your favourite music from the CD player, radio station, or from the buzzer.
