- Main unit depth: 312 mm
- Main unit height: 68 mm
- Main unit width: 330 mm

## Power

- Battery voltage: 1.5 V
- Number of batteries: 2
- Power type: AC Input

## Loudspeakers

- Loudspeaker enhancement: bass reflex speaker system

**DIGITAL  
TUNER**

# Highlights

## Play CDs, CD-R and CD-RW

Philips is known for making products which are compatible with many discs available in the market. This audio system lets you enjoy music from CD, CD-R and CD-RW. A single CD can store up to 10 hours of music. CD-RW (CD-Rewritable Compatible) means that your audio system can play both CD-Recordable (CD-R) and CD-Rewritable (CD-RW) discs. CD-R discs are recordable once and can be played on any audio CD player while CD-RW discs can be recorded and rewritten multiple times and can only be played back on compatible audio CD players.

## Digital tuning with presets

Simply tune into the station that you want to preset, press and hold the preset button to memorize the frequency. With preset radio stations that can be stored, you can quickly access your favorite radio station without having to manually tune the frequencies each time.

## Dynamic Bass Boost

Dynamic Bass Boost maximizes your music enjoyment by emphasizing the bass content of the music throughout the range of volume settings - from low to high - at the touch of a button! Bottom-end bass frequencies usually get lost when the volume is set at a low level. To counteract this, Dynamic Bass Boost can be switched on to boost bass levels, so you can enjoy consistent sound even when you turn down the volume.

## Under cabinet design

Under cabinet design for space saving

## 5 one-touch radio presets

Access your favorite stations with simple one touch operation

## Motorized CD loader

A motorized sliding front door adds even more panache to the already sleek design of this system. The stylish yet functional door housing the disc slides up and down vertically in a smooth motion at the touch of a button whenever you feel like changing your music selection. Just sit back and enjoy the dynamic sound performance while watching the disc play through the transparent window.

## Easy to clean

Easy to clean

## Magnetic remote control

Allows you to stick the remote control on any metal surface in the kitchen, such as fridge.
