- Packaging dimensions (W x H x D): 245 x 105 x 82 mm
- Packaging type: D-box

Highlights

Beautifully simple

The large, black-gloss display clearly shows the time, station information, and DAB signal strength. You can adjust the display brightness or set this alarm clock to adjust brightness automatically. In bright daylight, you'll still be able to read the time. At night, the display dims so the glow won't disturb your sleep.

Gentle Wake

The Gentle Wake function deploys a gradually increasing alarm to ease you into the day. You can set it to work with the alarm tone or the radio.

Sleep Timer. Drift off...

Sleep Timer. Drift off listening to your favourite station

Crackle-free radio reception

From non-stop music to the latest news, this digital radio is your ticket to better listening. The DAB+ tuner delivers crystal-clear reception, and you can set up to 20 presets for your favourite stations. Press the Dynamic Bass Boost button to fill out low tones at any volume.
