- Clear and bright LED display

Advanced versatility

- Built-in rechargeable battery for music playback anywhere
- Up to 20-hour music playback

PHILIPS

wireless portable speaker
Bluetooth® USB Direct, SD, FM digital tuner

Highlights

Wireless music streaming

Bluetooth is a short range wireless communication technology that is both robust and energy-efficient. The technology allows easy wireless connection to iPod/iPhone/iPad or other Bluetooth devices, such as smartphones, tablets or even laptops. So you can enjoy your favorite music, sound from video or game wireless on this speaker easily.

USB Direct and SD card slot

USB Direct and SD card slot for MP3 music playback

AUDIO-IN (3.5mm)

Make one easy connection and enjoy all your music from portable devices and computers. Simply plug

your device to the AUDIO-IN (3.5 mm) port on your Philips set. With computers, the connection is typically made from the headset output. Once linked, you can enjoy your entire music collection directly, on a set of superior speakers. Philips simply delivers better sound.

Built-in rechargeable battery

Play music out loud - anytime, anywhere. The built-in rechargeable battery lets you enjoy your personal music without the fuss of entangled power cords and the inconvenient search for an electrical outlet. Enjoy great music with the freedom of portability now.

Up to 20-hour music playback

This player's long-lasting power comes in the form of 20 hours of continuous music playback or FM radio listening - all on a single charge.
