Highlights

Aquatec wet and dry

The Aquatec wet & dry seal of the electric shaver lets you choose how you prefer to shave. You can get a comfortable dry shave or a refreshing wet shave using a shaving gel or foam for extra skin comfort.

DualPrecision heads

DualPrecision heads comfortably shave both long hairs and short stubble. 1. Slots cut long hairs. 2. Holes cut stubble.

SkinGlide system

The low-friction SkinGlide shaving surface slides smoothly along your skin for a close, easy shave.

Anti-slip grip

The grip's unique, ergonomic design and anti-slip materials make it easy to shave with precision and comfort.

Cordless use only

An efficient, powerful lithium-ion battery gives you more shaves per charge. Charge it for an hour and you'll have up to 50 minutes of

shaving time – that's around 17 shaves. Charge it for 3 minutes and you'll have enough power for one shave.

Skin protection system

Rounded low-friction heads adjust to the contours of your face to limit skin irritation.

(Patented) Super Lift & Cut

The first blade raises each hair while the second blade comfortably cuts it below skin level, for a really smooth result.

Flexing heads

The flexing heads of your shaver keep the shaving surface in close contact with your skin for a fast and efficient shave.

Water-resistant

For easy cleaning, and wet & dry use

Pop-up trimmer

Complete your look by using the Pop-up trimmer. Perfect for maintaining a moustache and trimming sideburns.
