AT928/41

Series 5000 - TripleTrack shaving system

Shave 50% more in every stroke

The Philips Norelco Shaver 5100 (formerly called PowerTouch) with AquaTec technology provides a comfortable shave while protecting your skin. TripleTrack heads shave 50% more in every stroke ensuring fast, skin-friendly results.

Close shaving performance

- Patented Super Lift & Cut blades raise hairs to cut closer
- Triple track heads shave 50% more in every stroke

Comfort Contour Following

- Heads Pivot and Flex to follow every curve for comfort

Easy to use

- Anti-slip grip provides complete control
- Up to 60 shaving minutes, 1 hour charge
- For easy cleaning, and wet & dry use
- Perfect for trimming your sideburns and moustache

Skin friendly

- Glides smoothly over the curves of your face
- Aquatec: refreshing wet shave with foam or an easy dry shave
- Low-friction SkinGlide for an extra smooth shave

Highlights

Anti-slip grip

The grip's unique, ergonomic design and anti-slip materials make it easy to shave with precision and comfort.

Cordless use only

An efficient, powerful lithium-ion battery gives you more shaves per charge. Charge it for an hour and you'll have up to 60 minutes of shaving time – that's around 20 shaves. The shaver automatically adjusts its power to suit the way you shave, so your actual shaving time may vary. Charge it for 3 minutes and you'll have enough power for one shave.

Skin protection system

Rounded low-friction heads adjust to the contours of your face to limit skin irritation.

Pivoting and Flexing Heads

Flexing heads stay in close contact with your skin, while the pivoting neck adds an extra dimension of movement – all giving you a close, fast, and comfortable shave.

Water-resistant

For easy cleaning, and wet & dry use

Pop-up trimmer

Complete your look by using the Pop-up trimmer. Perfect for maintaining a moustache and trimming sideburns.

(Patented) Super Lift & Cut

The first blade raises each hair while the second blade comfortably cuts it below skin level, for a really smooth result.

Philips Green Logo

Philips Green Products can reduce costs, energy consumption and CO₂ emissions. How? They offer a significant environmental improvement in one or more of the Philips Green Focal Areas – Energy efficiency, Packaging, Hazardous substances, Weight, Recycling and disposal and Lifetime reliability.
