Logproof/ continuous in-car music

Fourth generation Electronic Skip Protection for continuous music play with 45 second music buffer and up to five times faster shock recovery than conventional systems.

22-Hours playback (ESP on, 2 x AA Alkaline batteries)

Powersaving technology extends battery playing time to 22 hours with two regular AA-size alkaline batteries.

Digital Dynamic Bass Boost

Enhances bass at low, mid and high volume, to give deep, rich sounds.

CD-Rewritable compatible

Ensures that both CD-Recordable and CD-Rewritable disks, made by any CD-Recorder, can be played.

All CD play modes

Let's you enjoy various CD program modes (repeat one/ repeat all/ shuffle/ repeat shuffle/ introscan).

Heat resistant body

Unique composite material enables the CD player to withstand very high temperatures.

Headphone, car-kit and AC/DC adapter included

1-Bit D/A converter

Advanced digital conversion technology ensures crystal-clear sound.

Hold

Locks all buttons to prevent interruption of play or change of program settings.

Resume

Bookmark function that ensures the CD starts precisely from the point it was stopped.

Automatic power off

Automatically switches off the CD player at the end of a compact disc.

CD next/ previous

Plays the next or previous track at the touch of a button.

CD music search

Searches the CD at high speed while still producing low-volume sound so you know exactly when to stop.

Repeat one/ all

Repeat the current track or the total CD.

Shuffle

Plays disc selection randomly, giving you each time a new sequence of tracks.

30-track programmable

Stores up to 30 of your favorite tracks for playing back in your order of preference.

Acoustic feedback

Confirms any key-push with friendly beep to acknowledge that a command has been given.
