### 22-Hours playback (ESP on, 2 x AA Alkaline batteries)

Powersaving technology extends battery playing time to 22 hours with two regular AA-size alkaline batteries.

### Digital Dynamic Bass Boost

Enhances bass at low, mid and high volume, to give deep, rich sounds.

### CD-Rewritable compatible

Ensures that both CD-Recordable and CD-Rewritable disks, made by any CD-Recorder, can be played.

### All CD play modes

Let's you enjoy various CD program modes (repeat one/ repeat all/ shuffle/ repeat shuffle/ introscan).

### Heat resistant body

Unique composite material enables the CD player to withstand very high temperatures.

### Headphone, car-kit and AC/DC adapter included

### 1-Bit D/A converter

Advanced digital conversion technology ensures crystal-clear sound.

### Hold

Locks all buttons to prevent interruption of play or change of program settings.

### Resume

Bookmark function that ensures the CD starts precisely from the point it was stopped.

### Automatic power off

Automatically switches off the CD player at the end of a compact disc.

### CD next/ previous

Plays the next or previous track at the touch of a button

### CD music search

Searches the CD at high speed while still producing low-volume sound so you know exactly when to stop.

### Repeat one/ all

Repeat the current track or the total CD.

### Shuffle

Plays disc selection randomly, giving you each time a new sequence of tracks.

### 30-track programmable

Stores up to 30 of your favorite tracks for playing back in your order of preference.

### Acoustic feedback

Confirms any key-push with friendly beep to acknowledge that a command has been given.
