Digital tuner with 30 station presets

Provides fast, accurate tuning to your favorite stations. You can store up to 29 FM and AM stations in memory for fast, easy access.

Two-way speaker system

Provides higher musical clarity and enhanced stereo sound quality.

Bass reflex speaker system

Acoustic system that enhances the upper bass tones to provide a warmer, punchier bass sound.

Dynamic bass boost

Enhances bass tone frequencies to give deep, rich sounds.

14-key remote control

Slimline system remote for convenient operation of CD, volume and tuner controls.

20-track programmable

Stores up to 20 of your favorite CD tracks for playing back in your order of preference.

Shuffle play

Plays disc selection randomly, giving you a new sequence of tracks each time.

CD synchro start recording

Synchronizes the start of a recording on audio cassette with the start of a CD at the touch of a button.

Backlit source indication

Simple demo mode

Compact disc digital audio player

Compact Disc technology that combines superb digital sound quality with the convenience of random track access and CD functions like CD programmable, Shuffle Play and Repeat.

Repeat one/ all

Repeats the current track, the total CD, or your pre-selected program.

CD Rewritable compatible

Capable of playing both CD-Recordable and CD-Rewritable discs.

Stereo cassette deck

Play back recorded tapes on this full-functional stereo cassette deck, and record from the built-in CD player or tuner.

4" Full-range speakers

For excellent sound performance across the entire audio frequency spectrum.

Cloth speaker grills

Grills covered with acoustically neutral cloth to protect the speaker.

Stereo headphone socket

Enables stereo headphones to be used for private listening pleasure. Automatically switches off speakers when used.

Six-digit multi-functional display

Displays CD player information (track, playing time and play modes) and Tuner information (tuned frequency and stereo reception).
