Product highlights

- **Compact disc digital audio player**
Compact disc technology that combines superb digital sound quality with the convenience of random track access and CD functions like CD programme, shuffle play and repeat.
- **20-track programmable**
Stores up to 20 of your favourite CD tracks for playing back in your order of preference.
- **Shuffle play**
Plays disc selection randomly, giving you a new sequence of tracks each time.
- **Repeat one/all**
Repeats the current track, the total CD, or your pre-selected programme.
- **CD next/previous track search**
Plays the next or previous track at the touch of a button.
- **CD music search**
Searches the CD at high speed while still producing low-volume sound so you know exactly when to stop.
- **Analogue tuner**
High-quality tuner with sensitive operation for maximum tuning control.
- **Stereo cassette deck**
Play back recorded tapes on this fully-functional stereo cassette deck, and record from the built-in CD player or tuner.
- **Full auto stop**
Automatically shuts off the cassette deck at the end of playback to avoid overstretching the tape.
- **Automatic recording level control**
Electronic circuit that constantly monitors the input signal to ensure accurate, distortion-free recording.
- **CD synchro start recording**
Synchronises the start of a recording on audio cassette with the start of a CD at the touch of a button.
- **3" full-range speakers**
For excellent sound performance across the entire audio frequency spectrum.
- **Dynamic bass boost**
Enhances bass tone frequencies to give deep, rich sounds.
- **Two-digit LCD display**
Displays CD track numbers and play modes like shuffle, repeat, and CD programme.
- **Stereo headphone socket**
Enables stereo headphones to be used for private listening pleasure. Automatically switches off speakers when used.
- **AC/DC operation**
Operates either on batteries or mains supply, using the detachable AC power cord.
- **4-key remote control**
Jewel like remote for convenient operation of CD controls.
