MP3-CD playback

Plays back any CD with regular and MP3 audio.

Navigation ring

Easy and fun navigation of songs and radio stations.

Digital tuner with 30 station presets

Provides fast, accurate tuning to your favorite stations. You can store up to 30 FM and AM stations in memory for fast, easy access.

Direct station preset

Tuning made easy. Tune to any of your 3 favorite radio stations at the touch of a button.

Auto radio station preset

Simply press a button and available radio stations are automatically stored for you.

Ultrabass2

A technology unique to Philips that provides deep bass sounds previously reproduced only by much bigger loudspeakers.

20-track programmable

Stores up to 20 of your favorite CD tracks for playing back in your order of preference.

CD rewritable compatible

Capable of playing all music CD's, including CD-Recordable and CD-Rewritable discs.

New 20-key remote control

Compact disc digital audio player

Compact Disc technology that combines superb digital sound quality with the convenience of random track access and CD functions like CD programmable, Shuffle Play and Repeat.

Repeat one/ all

Repeats the current track, the total CD, or your pre-selected program.

Shuffle play

Plays disc selection randomly, giving you a new sequence of tracks each time.

Six-digit multi-functional display

Displays CD player information (track, playing time and play modes) and Tuner information (tuned frequency and stereo reception).

3" Full-range speakers

For excellent sound performance across the entire audio frequency spectrum.

Metal speaker grills

Grills covered with acoustically neutral cloth to protect the speaker.
