### MP3-CD playback

CD player capable of playing MP3 files from CD-ROM.

### 8cm & 12cm CD compatible

Plays CDs of the new 8cm format as well as the standard 12cm format.

### CD-Rewritable compatible

CD player capable of playing all music CDs, including CD-Recordable and CD-Rewritable discs.

### Dual colour display

The backlight of the LCD changes colour to indicate the source; green for CD and tuner, orange for MP3-CD.

### 9-digit multi-functional LCD display

Displays CD player information (album, track, time, play mode) and tuner information (preset station, frequency, stereo reception).

### MP3-CD album navigation

Gives the possibility to skip between albums, enabling easier navigation of MP3-CDs.

### Navigation ring

Multi-function control ring combining push-button and jog technology, enabling listeners to manage the vast number of tracks available on compressed music CDs.

### UltraBass 2

A technology unique to Philips that provides deep bass sounds previously reproduced only by much bigger loudspeakers.

### Digital tuner with 30 station presets

Provides fast, accurate tuning to your favourite stations. You can store up to 30 FM and MW stations in memory for fast, easy access.

### Autostore presets

Automatic programming of strongest available radio stations.

### 3" Full-range speakers

For excellent sound reproduction across the entire audio spectrum.

### 20-track CD programmable

Stores up to 20 of your favourite CD tracks for playing back in your order of preference.

### Repeat one/ all/ program

Repeats the current track, the total CD, or your pre-selected program.

### Shuffle play

Plays all selections on a disc in random order, giving you a new sequence of tracks every time.

### 20-key remote control

Fully featured remote control for convenient operation of CD, volume and tuner controls.
