

CD Sound machine

- **Digital tuner with 30 station presets**

Provides fast, accurate tuning to your favourite stations. You can store up to 29 FM and MW stations in memory for fast, easy access.

- **14-key remote control**

Slimline system remote for convenient operation of CD, volume and tuner controls.

- **Two-way speaker system**

Provides higher musical clarity and enhanced stereo sound quality.

- **Bass reflex speaker system**

Acoustic system that enhances the upper bass tones to provide a warmer, punchier bass sound.

- **Incredible surround**

Feature unique to Philips that creates the illusion of the speakers being much further apart than they actually are, resulting in an enhanced, room-filled stereo effect.

- **3 band digital equalizer**

Allows you to set your personal listening preferences for bass, mid-range and treble frequencies without the restriction of factory pre-sets

- **Digital DBB+**

- **Jog control**

Product highlights**Compact disc digital audio player**

Compact Disc technology that combines superb digital sound quality with the convenience of random track access and CD functions like CD programme, Shuffle Play and Repeat.

20-track programmable

Stores up to 20 of your favourite CD tracks for playing back in your order of preference.

Shuffle play

Plays disc selection randomly, giving you a new sequence of tracks each time.

Repeat one! all

Repeats the current track, the total CD, or your pre-selected programme.

CD rewritable compatible

Capable of playing all music CD's, including CD-Recordable and CD-Rewritable discs.

Stereo cassette deck

Play back recorded tapes on this full-functional stereo cassette deck, and record from the built-in CD player or tuner.

Woofers

Speakers optimised for low frequencies

Tweeters

Speakers optimised for high frequencies

Sound control center**Stereo headphone socket**

Enables stereo headphones to be used for private listening pleasure. Automatically switches off speakers when used.
