14-key remote control

Slimline system remote for convenient operation of CD, volume and tuner controls.

Digital audio compact disc player

Compact Disc technology that combines superb digital sound quality with the convenience of random track access and CD functions like CD program, Shuffle Play and Repeat.

Incredible surround

Feature unique to Philips that creates the illusion of the speakers being much further apart than they actually are, resulting in an enhanced, room-filled stereo effect.

Shuffle play

Plays disc selection randomly, giving you a new sequence of tracks each time.

Repeat one/ all

Repeats the current track, the total CD, or your pre-selected program.

Bass reflex speaker system

Acoustic system that enhances the upper bass tones to provide a warmer, punchier bass sound.

Stereo cassette deck

Play back recorded tapes on this full-functional stereo cassette deck, and record from the built-in CD player or tuner.

Sound control center

Centralizes sound reproduction controls for great convenience; consists of volume jog dial, 3 band graphic equalizer, incredible surround and digital DBB push button.

Stereo headphone jack

Enables stereo headphones to be used for private listening pleasure. Automatically switches off speakers when used.

Digital dynamic bass boost

Enhances bass at low, mid and high volume, to give deep, rich sounds.

Two-way speaker system

Provides higher musical clarity and enhanced stereo sound quality.

3 band digital equalizer

CD-Rewritable compatible

Capable of playing both CD-Recordable and CD-Rewritable discs.

Digital tuner with 30 presets

Provides fast, accurate tuning to your favorite stations. You can store up to 30 FM and MW stations in memory for fast, easy access.

Jog control

For accurate yet fast volume control.
