- Package dimension 20.7" W x 7.4" H x 12.3" D
- Weight incl. packing TBC

Direct 3-band equalizer

Allows you to set your personal listening preferences for bass, mid-range and treble frequencies without the restriction of factory pre-sets.

Digital tuner with 30 station presets

Provides fast, accurate tuning to your favorite stations. You can store up to 30 FM and AM stations in memory for fast, easy access.

Autostore presets

Automatic programming of strongest available radio stations.

6-digit multi-functional LCD display

Displays CD player information (track, time, play mode), tuner information (preset station, frequency, stereo reception), equalizer settings and DBB on/off.

CD-Rewritable compatible

CD player capable of playing all music CDs, including CD-Recordable and CD-Rewritable discs.

Two-way speakers

Provides higher musical clarity and enhanced stereo sound quality.

Dynamic bass boost

An electronic circuit that enhances bass frequencies up to 3 times to compensate for the insensitivity of the human ear for bass frequencies at lower volume levels.

Bass reflex speaker system

Acoustic system that enhances the upper bass tones to provide a warmer, punchier bass sound.

Digital jog volume control

Accurate electronic volume control with level indication.

20-key remote control

Fully featured remote control for convenient operation of CD, volume and tuner controls.

Full auto-stop

Automatically shuts off the cassette deck at the end of playback to avoid stretching the tape.

20-track CD programmable

Stores up to 20 of your favorite CD tracks for playing back in your order of preference.

Shuffle play

Plays all selections on a disc in random order, giving you a new sequence of tracks every time.

Repeat one/ all/ program

Repeats the current track, the total CD, or your pre-selected program.

Stereo headphone socket

Supports stereo headphones for private listening pleasure. Automatically switches off speakers when used.

CD synchro start recording

One button touch will synchronize the start of a recording on audio cassette and the start of a CD or CD program.
