MP3 CD playback

Plays back any CD with regular and MP3 audio.

Upgradable

Allows for future upgrades to improved compression techniques.

Artist/title display in MP3 CD mode

Conveniently displays the artist and title of the song playing.

Digital tuner with 30 station presets

Provides fast, accurate tuning to your favorite stations. You can store up to 29 FM and AM stations in memory for fast, easy access.

3 band digital equalizer

Allows you to set your personal listening preferences for bass, mid-range and treble frequencies without the restriction of factory pre-sets.

20-key remote control

Slimline system remote for convenient operation of CD, volume and tuner controls.

Ultrabass 2

A technology unique to Philips that provides deep bass sounds previously reproduced only by much bigger loudspeakers.

Two-way speaker system

Provides higher musical clarity and enhanced stereo sound quality.

Bass reflex speaker system

Acoustic system that enhances the upper bass tones to provide a warmer, punchier bass sound.

Auto radio station preset

Simply press a button and available radio stations are automatically stored for you.

Jog control

Intuitively combines responsive high-speed setting changes and super-accurate setting changes.

CD rewritable compatible

Capable of playing all music CD's, including CD-Recordable and CD-Rewritable discs.

Compact disc digital audio player

Compact Disc technology that combines superb digital sound quality with the convenience of random track access and CD functions like CD programmable, Shuffle Play and Repeat.

Shuffle play

Plays disc selection randomly, giving you a new sequence of tracks each time.

Repeat one/ all

Repeats the current track, the total CD, or your pre-selected program.

20-track programmable

Stores up to 20 of your favorite CD tracks for playing back in your order of preference.

Sound control center

Centralizes sound reproduction controls for great convenience; consists of volume jog dial, 3 band graphic equalizer, incredible surround and digital DBB push button.

Stereo headphone socket

Enables stereo headphones to be used for private listening pleasure. Automatically switches off speakers when used.

Large backlight display
