VCD/MP3-CD soundmachine

With Philips CD soundmachine, you can playback your favorite VCD movies, MP3-CD, cassette tape or enjoy your favorite radio stations through the two powerful stereo speakers.

Feature-packed VCD and CD player

- VCD2.0 playback
- MP3-CD playback means MP3 plays like a normal audio CD.
- FM/MW tuner for radio enjoyment
- Autostop cassette deck

Rich and clear sound

- Dynamic Bass Boost for deep and dramatic sound
- Bass Reflex Speaker System delivers a powerful, deeper bass
- Full range speakers for immersive and dynamic sound

Easy to use

- On Screen Display for easy navigation
- 9 frames digest preview for easy navigation
- Super Error Correction for distortion-free VCD playback
- PAL/NTSC compatible
- Handy remote control

PHILIPS

Specifications

Video Playback

- Playback media: video CD/SVCD
- Disc playback modes: A-B Repeat, fast backward, fast forward, introscan, OSD, pause, PBC, slow motion, Zoom

Audio playback

- Playback media: CD, CD-R, CD-RW, MP3-CD
- Disc playback modes: fast forward/backward, next/previous track search, repeat/shuffle/program
- Number of decks: 1
- Cassette deck technology: mechanical

Tuner/Reception/Transmission

- Tuner bands: FM, MW
- Antenna: FM antenna

Sound

- Sound enhancement: Dynamic Bass Boost
- Sound system: stereo
- Volume control: rotary (analogue)
- Output power: 2 x 1 W RMS

Loudspeakers

- No. of built-in speakers: 2
- Speaker grille finishing: metal

Audio recording

- Recording media: tape
- Tape recording enhancement: CD synchro start recording

Connectivity

- Audio/Video output: 3.5 mm video out, 3.5mm audio out

Convenience

- Display type: LCD display
- Display Digits: 3
- Loader type: top

Power

- Battery type: C size (LR14)
- Battery voltage: 1.5 V
- Number of batteries: 6
- Power type: AC Input

Accessories

- Remote control
- Cables/Connection: audio/video cable, power cord
- Others: User Manual
- Warranty: Warranty Certificate

Dimensions

- Gross weight: 3.65 kg
- Packaging depth: 308 mm
- Packaging height: 200 mm
- Packaging width: 410 mm
- Weight: 2.85 kg
- Main unit depth: 257 mm
- Main unit height: 159 mm
- Main unit width: 361 mm

Highlights

VCD2.0 playback

VCD2.0 playback

MP3-CD playback

MP3 stands for "MPEG 1 Audio layer-3". MP3 is a revolutionary compression technology by which large digital music files can be made up to 10 times smaller without radically degrading their audio quality. MP3 has become the standard audio compression format used on the world wide web, allowing quick and easy audio file transfer.

Dynamic Bass Boost

Dynamic Bass Boost maximizes your music enjoyment by emphasizing the bass content of the music throughout the range of volume settings - from low to high - at the touch of a button! Bottom-end bass frequencies usually get lost when the volume is set at a low level. To counteract this, Dynamic Bass Boost can be switched on to boost bass levels, so you can enjoy consistent sound even when you turn down the volume.

Bass Reflex Speaker System

Bass Reflex Speaker System delivers a deep bass experience from a compact loudspeaker box system. It differs from a conventional loudspeaker box system in the addition of a bass pipe that is acoustically aligned to the woofer to optimize the low frequency roll-off of the system. The result is deeper controlled bass and lower distortion. The system works by resonating the air mass in the bass pipe to vibrate like a conventional woofer. Combined with the response of the woofer, the system extends the overall low frequency sounds to create a whole new dimension of deep bass.
