- **Car Accessories Included**

Car cassette adaptor and cigarette lighter DC adaptor.

- **Stereo Headphones and AC Adaptor Included**

Let's make things better.

PHILIPS MAGNAVOX

Standard product information

CD Player

- **15-Track Programmable**

Store up to 15 of your favorite CD track selections to be played back in the order in which they are programmed.

- **Shuffle Play**

Plays all selections on a disc in random order, ignoring the sequential order in which they were originally recorded.

- **Bitcheck Digital-to-Analog Conversion**

Employs dynamic element matching to eliminate deviations in bit current, to eliminate crossover distortion, and supply extremely high linearity in audio reproduction.

- **4x Oversampling**

Provides digital filtering to reduce noise and contributes significantly to the sound purity of compact discs.

- **Next/Previous Track Search**

This two button feature offers the opportunity to go back to the previous track or go forward to the next track instantly.

- **Repeat One/All**

Selection of this feature repeats one track or all of the tracks on a disc based on user preference.

- **IntrosCAN**

Plays the first ten seconds of each track on a disc providing a quick overview of the disc contents. Play can be started at any time by pressing the PLAY button.

- **Search with Sound**

Audible "bits" of sound can be heard while searching backward or forward within any CD track.

- **Auto Power Off**

Automatically disengages the transport mechanism and turns off the system at the end of a digital compact disc.

- **Resume**

Allows play to restart where it was stopped. In this mode, the CD player memorizes the last played position on a disc. Then, as long as the lid has not been opened, upon pressing the PLAY button, the laser mechanism returns to the last played position and resumes play.

- **Hold Switch**

Activating this feature deactivates all other function buttons until the HOLD button is pressed again, thereby preventing interruption of the music should another button be pressed accidentally.

Sound/Speakers

- **Dynamic Bass Boost**

Boosts bass response as much as 8 decibels (nearly 3 times more than normal). DBB yields full, rich tonal quality at all volume levels.

- **Lightweight Stereo Headphones**

Enjoy the ultimate stereo listening experience with comfortable, lightweight stereo headphones that can be conveniently connected to the stereo headphone jack.

Additional Features

- **Six-Digit LCD Display**

The large, six-digit Liquid Crystal Display (LCD) readout display alerts the user to the status of all important functions at a glance.

- **AC/DC Operation**

For convenience this feature can't be beat. Listen to your favorite artists any time or anywhere using the detachable AC power cord or batteries available at any corner store.

- **Operates on Two AA Batteries**

Two AA batteries provide hours of uninterrupted music enjoyment anywhere you want to go.

- **Clamshell Packaging**

Uniquely designed transparent blister pack improves product visibility for greater sell-through.

- **Low Battery Warning Indicator**

When the batteries near the end of their charge a warning indicator appears in the LCD display alerting you to the charge status.

- **Seven Hours Playing Time**

For maximum listening pleasure this model provides up to seven hours of uninterrupted music on just one set of batteries.

- **Line Out/Headphone Jack**

Enjoy your favorite CD with full, rich stereo separation or connect it to the input of a stereo amplifier for greater versatility.

- **Car Accessories Included**

Car cassette adaptor and cigarette lighter DC adaptor.
