BG105/10

Trims body hair, protects skin

Even in sensitive areas

The Series 1000 is designed specifically for the body, unlike other manual or electric tools made for the face. It comes with a unique skin-protection system and compact design, ideal for use on smaller, sensitive areas or on the go.

Skin-friendly performance

- Guards while you trim
- Trims hair in every direction

Easy to use

- Up to 2 months of trimming power
- Use wet or dry
- Easy to grip
- Simple to store

Built to last

- Warranty for purchase protection

Highlights

Skin protection system

The unique skin protection system guards even your most sensitive body areas, allowing you to comfortably trim hair as close as 0.5 mm without direct contact between the sharp edge of the blades and your skin.

Bi-directional trimmer and comb

Cut hair that grows in any direction using the bi-directional trimmer and 3 mm comb. Pre-trimming is recommended for thicker hair.

AA battery power

Compact and efficient, you will get up to 2 months of trimming power from a single Philips AA Alkaline battery. Runtime may differ depending on hair type and grooming frequency.

100% Showerproof

Your wet and dry body groomer is 100% water resistant, so you can use it in or out of the shower. For best results, use on dry hair before showering.

Ergonomic grip

Your body groomer is easy to hold and manoeuvre, with a rubber ergonomic grip to help you keep control while you trim.

Shower cord

Hang your Philips body trimmer up in the most convenient location for you. Simply attach it to the shower cord and hang it up.

Built to last

All of our grooming products are built to last. They come with a 2-year warranty and they never need to be oiled.
