Now you can confidently trim and shave everywhere below the neck with just one tool. Use Philips Bodygroom 7000 full body trimmer and shaver to trim with one single attachment for an even result on your back, shoulders, chest, abs, underarm, arms, groin and legs.

4-directional pivoting head

The 4-directional pivoting body shaver and trimmer adapts to every contour of your body for your closest shave yet.

Integrated, adjustable trimmer

You can trim and cut hair in any direction. That's thanks to the adjustable trimmer with 5 trim lengths ranging from 1/8" (3mm) to 7/16" (11mm), including a guard and self-sharpening blades.

Skin-friendly body shaver

This men's body groomer captures short, long and thick hair in a single stroke thanks to the blade's rounded tips, designed to protect your skin from cuts and nicks.

Advanced lithium-ion battery

Tackle hair on any part of your body with a single charge. The powerful battery can be used for 80 minutes on a single 1-hour charge, with a battery level light that shows how much charge is left.

Showerproof

Your wet and dry body groomer is 100% water resistant, so you can use it in or out of the shower. For best results, use on dry hair before showering.

Ergonomic grip

Your body groomer is easy to hold and manoeuvre, with a rubber ergonomic grip to help you keep control while you trim.

Built to last

All of our grooming products are built to last. They come with a 5 year warranty and they never need to be oiled.
