

Philips SatinShave Advanced and Prestige Wet and Dry electric shaver

The SatinShave Advanced and Prestige ladyshaver range gives you smooth skin even in the shower or bath.

Achieve hair-free skin without irritation, easy and convenient.

The powerful energy-efficient Li-ion battery provides one hour shaving time.

Our eco passport

Philips wants to make the world healthier and more sustainable. To make this a reality, we have to keep thinking differently; pushing the boundaries of what is currently believed possible. We continuously innovate and deliver products and technologies that are positive for people and the environment. At Philips we call this Green Innovation.

We know this is important to you too. So we have developed an eco passport which explains the environmental performance of our products in the six Philips Green Focal Areas, developed through our eco design process since 1994, enabling you to make conscious, informed decisions. An eco passport will explain the Green Focal Areas considered and applied in the specific product.

Energy

- Annual energy consumption < 1 kWh/year*
- Max power consumption 0,9W
- No load battery charger: ≤0,1W
- Battery type: Li-ion
- Run time: 1 hour usage time
