# Highlights

## Stainless Steel Blades

Get a perfect yet protective trim, time after time. The trimmer's steel blades lightly brush against one another, sharpening themselves as they trim so they stay extra sharp and effective as on day 1.

## DuraPower technology

The DuraPower technology lowers the friction on the blades, which protects the motor and the battery from being overloaded. This way, the battery life time of your trimmer is increased by 4 times.

## 30 min cordless use

Charge your trimmer for 8 hours with your USB cable to get 30 minutes of cordless use.

## USB charging

This beard trimmer comes with a USB cable for more flexible charging via your computer or any USB adaptor. The adaptor is not included (recommended adaptor Philips HQ80).

## Choose any of the 3 looks

Use the 5mm comb to trim your long beard, the 1mm comb to create a 3-day stubble look or use your trimmer without a comb to have a zero trim.

## Battery charging indicator

This trimmer comes with a battery charging indicator which lets you know with a green light that your device is charging.

## Skin-friendly blades

Blades have rounded tips for smooth contact with skin to prevent scratching and irritation.

## Travel lock

The travel lock on the on/off button prevents the appliance from being switched on by accident.

## Easy to clean

Detach the head and rinse it under the tap for easy cleaning. Dry it before you put it back on the appliance.

## Ergonomic design

Easy to hold and use. Designed to help you trim those hard-to-reach areas.
