PHILIPS

Features

Lift & Trim system

Trim your stubble with our new Lift & Trim system: the comb lifts and guides the hairs to the level of the blades for an even trim.

Stainless Steel Blades

Get a perfect yet protective trim, time after time. The trimmer's steel blades lightly brush against one another, sharpening themselves as they trim so they stay extra-sharp and as effective as on day 1.

Skin-friendly blades

Blades have rounded tips for smooth contact with skin to prevent scratching and irritation.

Zoomwheel - 10 length settings

The zoomwheel lets you choose length settings ranging from 0.5 to 10 mm, with 1 mm precision steps.

45 mins cordless use

Charge your trimmer for 10 hours to get 45 minutes of cordless use.

Battery charging indicator

The battery charging indicator on the adaptor lets you know with a green light when your device is charging.

Easy to clean

Detach the head and rinse it under the tap for easy cleaning. Dry it before you put it back on the appliance.

Ergonomic design

Easy to hold and use. Designed to help you trim those hard-to-reach areas.

Built to last

We back this Philips trimmer with a 2 year guarantee: our grooming products are built to last. You'll never need to oil it, and it's compatible with all worldwide voltages.
