One-pass even trim

2 x more precision with Lift & Trim PRO system

The even and precise trim you want when creating your 3-day stubble, short or long beard look. Our innovative Lift & Trim PRO system lifts the hairs up to the level of the double-sharpened blades for a one-pass, even trim. This product can also be used as a hair clipper to cut hair up to 20 mm*

Even trimming results

- Trims evenly and captures low-lying hairs
- Self-sharpening blades for zero maintenance

Precise styling

- Adjusts to different length settings
- A precision step to match every beard

Easy to use

- Lights indicate when battery is low, empty, full or charging
- Cordless use for up to 90 mins
- Easy but thorough cleaning
- Warranty for purchase protection

Highlights

Lift & Trim PRO system

Stubble doesn't stand a chance. The Lift & Trim Pro system captures all your low-lying hairs and lifts them up towards the blades for a precise cut — plus it's still an ideal trimmer for long beards.

Self-sharpening metal blades

Suitable for even the thickest hair, the double-sharpened blades guarantee precision edges and superior trimming every time. No oil or replacement blades required.

40 lock-in length settings

Cut to the exact length you're after. Just spin the precision dial to one of 40 length settings between 0.4-10 mm in 0.2 mm increments.

Customisable precision

Personalise your grooming routine with precise-styling steps to suit every beard. There are 0.2 mm steps between 0.4-2 mm for short beard styling, 0.5 mm steps between 2-5 mm to achieve an even 3 day beard and 1 mm steps above 5 mm for long beard maintenance.

90 min corded/cordless use

Don't get tangled up in your stubble trimmer — a 1 hour charge provides up to 90 minutes of cordless grooming time. Or keep it plugged in for uninterrupted trimming. The 5 minute quick charge function gives you enough power for one trim.

100% waterproof

The 100% waterproof beard trimmer, simply rinse it under the tap for a thorough, easy clean.

Battery indicators

The battery indicators in this trimmer let you know what your battery status is: low, empty, charging or full. This way, you can fully charge your trimmer on time, so you won't end up with an empty battery in the middle of your trim.

Built to last

All of our grooming products are built to last. They come with a 2 year warranty, never need to be oiled and are compatible with any voltage worldwide.
