- Color: Black

Connectivity

- Bluetooth version: 4.0
- Bluetooth range: Line of sight, 10M or 30FT
- Bluetooth frequency band: 2.4 Ghz to 2.48 Ghz
- Audio in (3.5mm): Yes, 600mV
- supports microSD card: Yes, up to 32GB

Tuner/Reception/Transmission

- Tuner bands: FM

Convenience

- Built-in microphone: for speaker conference

Sound

- Output power (RMS): 3W
- Sound System: Stereo
- Frequency response: 70 Hz to 20 KHz

Loudspeakers

- Speaker driver: 2 x 1.5"
- Sensitivity: 80dBm
- Speaker Impedance: 4 ohm
- Signal to noise ratio: >55 db

Power

- Battery type: lithium polymer (built-in)
- Power supply: 5V, DC

Accessories

- Included accessories: USB cable for PC charging, carrying strap, 3.5mm stereo line in cable, Quick install guide

Dimensions

- Product dimensions (WxDxH): 32 x 110 x 56 mm
- Product weight: 0.145 kg
- Packaging dimensions (WxDxH): 38 x 90 x 114 mm
- Weight incl. Packaging: 0.23 kg

Highlights

Bluetooth-enabled

Bluetooth is a short range wireless communication technology that is both robust and energy-efficient. The technology allows easy wireless connection to other Bluetooth devices, so you can play your favorite music from any smartphones, tablets or even laptops including iPod or iPhone on Bluetooth-enabled speaker easily.

Digital FM radio

Digital Radio is, on top of FM analog transmission, a new way of broadcasting radio via a network of terrestrial transmitters. It provides listeners with more choices and information delivered in clear, crackle-free sound quality. The technology allows the receiver to lock on to the strongest signal it can be find. With digital stations there are no frequencies to remember, and sets are tuned by station name, so there is no returning on the move.

MicroSD card

Simply load the card with the desired content, plug it into your player – and never have to worry about running out of entertainment choices again.

Built-in microphone

With its built-in microphone, this speaker also works as a speaker phone. When a call comes in, the music is put on pause and you can talk via the speaker. Call for a business meeting. Or, call your friend from a party. Either way, it works great.

Audio-in

Audio-in for easy connection to almost any electronic device
