

5 CD Changer

CDC775

5 CD CHANGER

- **Changing while playing**

While playing a disc it is possible to change 2 other discs

- **Bitcheck Multibit DAC**

A quick play button allows to quickly start the CD just put in the player. Generally the mechanical construction is such that changing a disc goes very fast

- **CD-Rewritable playback**

Allows Audio playback of CD-Rewritable discs (and CD Recordable discs) recorded on either PC or Cd-Rewritable recorders

- **Digital Output (CDR-Link)**

For top quality digital recording to digital recorders

- **Variable Headphone**

To adjust the headphone volume level

- **Repeat A/B**

To replay a chosen part of the CD in a loop

- **Edit and Peaksearch**

As helpful aids for tape recordings (3 edit modes available)

- **Fader**

Fades the music slowly in and out when needed

- **Philips Harmonized Components Design**

DIGITAL OUT

Let's make things better.

PHILIPS

5 CD Changer

standard product information

audio performance

- frequency range : 20Hz - 20kHz
- frequency response ripple : 0.9 |dB|p (20Hz - 20kHz)
- low level linearity : < 1 dB (1kHz, -90dB)
- signal-to-noise ratio : 98 dB (1kHz, A-weighted)
- dynamic range : 95 dB (1kHz)
- channel separation : 90 dB (1kHz)
- T.H.D. +N : 0.006%, -84dB (1kHz)
- wow and flutter : quartz precision

optical read-out system

- laser type : linear tracking, three spots

audio output

- output level : 2V RMS \pm 3dB
- minimum load : protected against short circuit
- impedance : 1k Ohm

digital output

- maximum output level : acc. IEC 958
- load impedance : 75 Ohm

headphone connection

- output impedance : 120 Ohm
- stereo jack : 6.3mm gold plated
- output level : max. 5Vrms EMF
- load impedance : 30-600 Ohm

remote control

- keys : 23-keys
- codes : RC5 infra red

power supply

- mains voltage : 230V (I/00, +6% - 10%)
120V, 230V (I/01, +6% - 10%)
- mains frequencies : 50-60Hz
- power consumption : < 15 W (in operation)
< 5 W (in standby)
- electrical requirements : IEC 65

set

- material / finish : metal, hot-stamp foil on ABS
- dimensions (incl. feet) : 17.1" W x 4.7" H x 14.9" D
- display : 2 colour starburst FTD
- weight : 16.5 lbs

package

- dimensions : 21.3" W x 8.9" H x 19.2" D
- weight (incl. set) : 22 lbs

accessories

- cinch cable
- remote control
- 2 AAA batteries
- instruction manual
- warranty information

CD-Rewritable Playback

Philips has introduced CD recording as a mainstream consumer audio application. With the Philips CD-Recorders it is possible to record CD-R discs (recordable, write once) and CD-RW discs (rewritable, erasable). CD-R discs are fully compatible with the CD standard, and can therefore be played back on any CD player. CD-RW (rewritable) discs have a lower surface reflectance than standard CD's and therefore cannot be played by all today's CD players. Our new range of CD products offer CD Rewritable Playback. These players are recognised by the "CD Rewritable Playback Compatible" logo.

UPC : 0378 4987 7692 3

Product Dimensions:
17.1" W x 4.7" H x 14.9" D (electronics)
Package Dimensions:
21.3" W x 8.9" H x 19.2" D
Product weight: 16.5 lbs

Car ton contains: 5 CD changer player, Multi-Function Remote Control, Batteries, Operating instructions, Warranty information
